

# POWER SUPPLY SELECTOR

	1 AMP POWER SUPPLY <u>SINGLE OUTPUT</u>	1 AMP POWER SUPPLY <u>DUAL OUTPUT</u>	16 AMP POWER SUPPLY <u>SINGLE OUTPUT</u>	16 AMP POWER SUPPLY <u>DUAL OUTPUT</u>
Powers up to 1 (one) MEL Device				
Powers up to 2 (two) MEL Devices				
Powers up to 1 (one) EL Device				
Powers up to 2 (two) EL Devices				
Adjustable delay for exit device re-locking				
Capable of triggering external relays				
Provide delayed triggering for Automatic Doors				
24vDC auxiliary power for keypad, code readers, motion detectors, etc.				
12vDC auxiliary power for keypad, code readers, motion detectors, etc.				
Designed with logic protecting against accidental shorting of lock outputs				
Built-in battery back-up available				
Fire Alarm Interface				
Independent or sequential door control with output relays for ADA actuators				
Testing and agency approval UL=294/ulc-S319
